MOSQUITA MUERTA WINES

CORDERO CON PIEL DE LOBO
SWEET

Not everything is as it seems, so perception becomes our best guide. Here is a lamb that strays from the flock to take center stage – but beware: irony is its greatest virtue.

HARVEST

Harvest is conducted early in the season, selecting the best grapes in the estates. Each sector is harvested at different ripening stages, resulting in wholly differentiated wine profiles.

WINEMAKING

Charmat method. The second fermentation takes place in tanks at low temperatures, using selected yeasts to preserve the intensity of aromas and flavors.

TASTING NOTES

Pale yellow with greenish hues, brilliant with small, persistent bubbles. The nose is intense and attractive, featuring peach aromas and citrus touches. Sweet on the palate, where its freshness balances the flavors. Smooth and persistent.

SERVING TEMPERATURE

Serve between 6°C–8°C (43°F–46°F).

ALCOHOL: 12% ABV.

RESIDUAL SUGAR: 60 g/L.
